MANUAL OF USING ARCHITECTURE, PLANNING & SURVEYING LOCAL CONTENT HUB PORTAL

Guide 3

The screenshot shows the 'LOCAL CONTENT HUB' portal with a search for 'Architecture, Planning & Surveying'. The results are organized into two levels of taxonomy. The first level shows 'Architecture, Planning & Surveying (307)' with a red box around it and a red arrow pointing to the right. The second level shows 'Architecture (102)' with a red box around it and a red arrow pointing to the right. Below the taxonomy, there is a list of items with a red box around the first item: 'Essential features of SMM for M&E works in Malaysia. Berita QS, Iss. 2, 2018/2019, 2. pp. 11-12. (Unpublished) (2019)'. A red arrow points from this item to the right. At the bottom, there are logos for ISO 9001, UTM di hatiku, and PTAR.

- Choose the item that the user want such as Architecture.
- Click at Item Type
- The item type of the keyword search will be displayed.
- Click at the title that the user want to find.

MANUAL OF USING ARCHITECTURE, PLANNING & SURVEYING LOCAL CONTENT HUB PORTAL

Guide 4

The screenshot displays the Local Content Hub interface. At the top, there is a navigation bar with links for Home, About, Latest Addition, Browse, Policies, and Advanced Search. Below this is a search bar with a 'Search' button. The main content area shows a search result for the article 'Essential features of SMM for M&E works in Malaysia'. The article is from 'Berita QS', Issue No. 2, Session 2018/2019, dated June 2019. The abstract describes the specialized nature of Mechanical and Electrical (M&E) works in the construction industry. The 'Related URLs' section contains a link to 'Download / view fulltext from publisher site.', which is highlighted with a red box. The 'URI' is also provided.

- User will get to see the page of all the article.

- Click Download / view full text from publisher site to get the article.

- User will get the article that the user want.
